

THE PROBLEM

Teachers with 25 students speaking 8 languages can't differentiate instruction for all of them.

Every multilingual learner deserves grade-level content in their home language. But districts lack the tools to deliver it at scale — leaving achievement gaps wide open and accreditation indicators at risk.

THE SOLUTION

AI tutoring in 20+ languages

Grade-level content in the student's home language. Not translation — real bilingual tutoring.

Aligned to state standards

Common Core, TEKS, CPALMS, NGSS, VA SOL, WIDA — every lesson maps to your framework.

MTSS Tier 1/2/3 + progress monitoring

Socratic questioning adapts per tier. Built-in progress data for RTI teams.

IEP / 504 / ESOL accommodations

Text-to-speech, extended time, simplified language, visual supports — no setup needed.

KEY DIFFERENTIATOR

Built by ESL specialists. Not a translation layer on top of English content. Every lesson is designed for multilingual learners from the ground up.

Free Pilot

' FERPA

' COPPA

' US Servers

' DPA Available

' Section 508

COMPLIANCE & SECURITY

- FERPA Compliant
- COPPA Compliant
- US-Based Servers
- Data Processing Agreement (DPA)
- Section 508 Accessible
- ESOL 2 Type II (In Progress)

INTEGRATIONS

- Clever SSO Available
- Canvas LTI 1.3 Available
- ClassLink Coming Soon
- Google Classroom Coming Soon

FUNDING ELIGIBILITY

- Title III
- Title I
- IDEA Part B
- ESSER / ARP
- State ELD Funds

WHAT'S INCLUDED

- AI tutoring in 20+ languages
- All 50 state standards aligned
- MTSS progress monitoring dashboard
- IEP/504/ESOL accommodations
- Teacher analytics & reports
- Dedicated district success manager
- Professional development training
- Parent portal (multilingual)

DISTRICT PRICING

Sliding scale by enrollment

Enrollment	Price
Under 100 students	\$20 /student/yr
100 – 499 students	\$15 /student/yr
500 – 999 students	\$10 /student/yr
1,000+ students	\$8 /student/yr

FREE 8-WEEK PILOT

No commitment required.
 Full platform access for up to 200 students.
 Dedicated onboarding support included.
 Measurable outcomes report at pilot end.

IMPLEMENTATION TIMELINE

- Week 1** Kickoff + Clever/LTI setup
- Week 2** Teacher training + PD session
- Weeks 3-7** Student usage + progress monitoring
- Week 8** Outcomes report + renewal decision

"The only platform that doesn't just translate English content — it actually teaches in the student's language."

— MTSS Coordinator

Ready to close the achievement gap?
